WORK EXPERIENCE

Tide Cleaners, a P&G company | Software Engineer 01/2022 – Present

- Led the architecture, design, and development of two full-stack applications using NextJS, Nodejs, Typescript, and Tailwind.
- Oversaw the health of the system, addressed performance issues, and enhanced application efficiency by employing techniques on both the server and client sides.
- Implemented unit and automation tests to ensure high-quality software solutions.
- Maintained an ASP.NET core product while debugging and resolving client and server issues.
